2007 Kick Off

APC Poised For Big Growth In 2007

In Mid 2006, AutoClaims Direct, the leading provider of Auto Damage appraisal and claims solutions discovered that many of their clients desperately needed a property system as good as ACD's auto product.

Through research, the addition of experienced property specialists and hard work, ACD added a new specialized division, "American Property Claims" to meet client's needs. The heart of the system is based on the companies DirectLink claims management solution customized solely for property claims. This system is the most advanced in the property damage appraisal industry and will allow insurance clients nationwide access to the best damage appraisal services on the market.

Top Management

APC is managed by the same leadership team at AutoClaims Direct and the company has placed experienced property adjusters and appraisers in key supervisory roles.

Property adjusters in claims offices nationwide have a reason to smile with a top quality property damage appraisal firm ready to meet their needs. With expansion and growth in mind, 2007 plans to be a big year for APC's property division!

Technology To The Max!

APC focuses on leveraging all technology possible to give our client's cutting edge solutions.

No other property damage appraisal firm provides a complete end to end claims management solution along with top quality damage appraisals. APC does more than simply take a few photos and send in an estimate. We provide statistical data, reports and valuable information to your claims department so you can also monitor trends and forecast expenditures.

APC continually works to give claims offices the best tools and accurate assessments to resolve claims quickly and efficiently.
